## SHIP LOST AT SEA.

### Reported Sinking of the Ship Panama in Caribbean Sea.

#### Great Britain Making Extraordinary Preparations For War.

Army For Cuba Will Leave This Country About October 22.

#### ENVELOPE TRUST FORMED.

New York, Nov. 3.—A dispatch to the Herald from Santiago de Cuba, says: It is rumored that the transport Panama went down in a gale in the Windward passage last night.

The rumor is based on a report by a fishing schooner from Cape May. It is not known whether any of the passengers or crew reached the shore in safety. Some foundation for the reported loss of the transport is found in the fact that a large amount of wreckage, supposed to belong to the Panama, has been picked up. Right articles marked "Panama" were found in the water, but no trace of the vessel has been seen, so far as known here.

The Panama, which was taken from the Spaniards as a prize, was in bad condition when she sailed from Santiago on Monday. Her engines were not in order and her hull damaged. Postmaster Hugo Hydemann declined to place the mails aboard. Many seamen here say the vessel was not seaworthy a long time.

The Panama had 300 persons on board, including officers, passengers and crew. Among the passengers were Representatives John Dalzell and former Congressman John D. Long of Pennsylvania. There were several officers of regiments now stationed at Santiago on their way home on account of illness. Most of the passengers, however, were from Porto Rico. There is no telegraphic communication between here and Cape May.

Gen. Wood has ordered all the vessels bound eastward to be on the lookout for any traces of the Panama, passengers and crew.

#### LOST ON THE PANAMA.

Pittsburg, Nov. 3.—Members of the West Indian party from Pittsburg and neighborhood believed to have been on the Panama were Congressman John Dalzell, ex-Congressman George F. Huff, Judge Jacob F. Slagle, Dr. C. Bingham, J. G. Treacher, Editor Jeanette, of the Dispatch, and a friend of Huff. When the party left Pittsburg about two weeks ago it was reported that Dalzell and Huff were going as agents of the Pennsylvania railroad, but this has been denied. Huff's object was no doubt to look after coal lands in Cuba and Porto Rico. Dalzell went to investigate the political conditions. The other members of the party were invited guests.

#### NO OFFICIAL INFORMATION.

Washington, Nov. 3.—The war department has received no information from any official source of the rumored wreck of the transport Panama. Officials are confident that if Gen. Wood at Santiago, where the rumor originated, attached credence to it he would have notified the department.

#### PANAMA ARRIVES AT HAVANA.

Havana, Nov. 3.—The transport Panama, from Santiago, arrived here this morning and landed seven American passengers, including some military officers. She left Havana at 10 a. m., her destination apparently being New York.

Don Rankin, of the Southwestern Brewery, who came here, returned last night from the Pecos valley country. He visited Eddy, where he assisted his brother, Fred Rankin, to remove the ice plant from that town. Rowell, Rankin states that the Rowell ice plant, of which Fred Rankin is the principal owner, will be in operation at a very early date and that a superior quality of the condensed luxury will be furnished to consumers of that town and vicinity. In speaking about Eddy and Rowell, he stated that both places were making steady growth, and that while there is no real boom in progress, a great deal of building is going on. It is the opinion of Mr. Rankin that the Pecos valley country has a bright future, and with its new railroad and other modern improvements, will soon come to the front as one of the most favored sections of New Mexico.

Denby, of the war investigating commission, concerning the conduct of the camp from a medical point of view. He said some regiments were located in swampy sections and others on rocky ground where it was impossible to get sinks sufficient in depth. Some of the camp was poorly drained and the tents were too close together. He said the sick were selected by General Brooke and he had not been consulted. Dr. Hartshoff took positive ground against the establishment of division hospitals at the expense of the regiments. It was done by order of the secretary of war. Dr. Hartshoff also expressed the opinion that the water supply of the camp was not good.

#### A MURDERER ARRESTED.

He Killed Two Men on a Nevada Desert—Betrayed by a Woman.

Los Angeles, Nov. 3.—John Hancock, formerly of Ferris, Riverside county, an ex-convict, was arrested to-day by Sheriff Hancock, of Nevada, on a charge of murdering the two men for their belongings. Hancock was arrested on the confession of Mrs. Winifred Myers, Hancock's wife, who said she saw Hancock shoot the two men on a Nevada desert. Hancock was a veterinarian surgeon and Edmonson was a Canadian. Mrs. Myers says she left Ferris in company with Hancock for Salt Lake. Her seven year old son accompanied them. They had a team. At Shrupp, Nev. county, Nevada, they met with Dr. Ringelke and partner, Edmonson, who were going to drive to Ogden. The two parties traveled together. Hancock stated to Mrs. Myers the purpose of murdering the two men for their belongings. She attempted to dissuade him. That night in a mountainous region Hancock shot both men. Hancock then chopped their heads to pieces. He then gathered all their effects of value, buried their bodies under piles of rocks, burnt the bloody clothing, and with the woman and boy went on to Salt Lake. Hancock was employed at the Santa Fe oil wells, near Fullerton, when arrested.

#### Star Specialty Company.

The performance given by the Star Specialty company at the orchestra hall last night was one of the best performances of the kind ever given in this city and was witnessed by a large audience of delighted spectators. Every person in the company is a star in his line, and the audience last night enthusiastically received every turn. The re-organized company will show the rest of the week at the orchestra hall. With the popular prices of admission the entertainment given is fully worth the money and cannot fail to give satisfaction. There is nothing either suggestive or vulgar about the performance and the most refined ladies can attend without any danger of being offended by anything in the program.
